Thursday 14th April was the second and final day of the Mental Health First Aid Course held by Maxine Santich from Helping Minds. All participants enjoyed the sometimes confronting course and feel more equipped to deal with any of these matters should they arise in the future. Maxine has received expressions of interest from other members of the community and is looking at holding another one if she received enough interest. So if you are interested please contact her on 0456 954 659 to register your interest.

Approximately 35 community members participated in the Walkathon on Sunday 17th raising over \$600 towards the medical grade treatment bed that will be permanently located at the CRC. Well done and congratulations to everyone who completed the walk.

Unfortunately we have had to cancel our proposed Star Gazing event as our guest speakers are now unable to attend. We will reschedule this event to coincide with National Science week in September and are hoping to have a bigger and better event.
