

The CRC has been quite busy over the past couple of weeks, with people coming in for the Pamper Day and the Childcare Morning Tea, along with those coming to visit our regular tenants at the CRC.

Rose and Alice had a great time with the Better Beginnings Group, who in February explored Primary Colours with Playdough, there are some very creative little artists among them.

In March, Better Beginnings will be on Thursday 17th so they will be celebrating St Patrick's Day and having fun with shaving cream. If you have little ones that might be interested in coming along, please call in and get a copy of the calendar for the year.

Members of the community that are interested in attending the 2 day Mental Health First Aid Course that is coming up on 31st March and 14th April, need to register that they wish to attend, numbers will be limited so please give us a call and we can email registration forms to you. This course is a Nationally Accredited course and is free (normal fees would be approximately \$350). The course can be classed as a professional development day by employers.

The Golden Oldies Book Club meeting this month held a very lively discussion on the Book they have just finished called "The Postmistress" a New York Times Best Seller by Sarah Blake. The March book is "The Secret Life of Bees" by Sue Monk Kidd (2002 pub) Set in the American South in the 1960's the book centres on a motherless 14yo Lily and her black nanny Rosaleen. This is a powerful story of 'coming of age', 'race relations' and 'families'. Books available from the CRC, this is a totally free 'Bookclub'. New members are always welcome, call in and see us to get more details.

A new Library exchange has arrived, Alice has been busy unpacking and shelving all the new books, DVD's and Audio books. There are some very interesting titles amongst them. Don't forget if you are after a particular book or DVD, or information about specific subjects we can order them in for you.
