

Wild Pollinator Count

Tally Sheet

Your name (or group): **Email address:**
Email is optional but it enables us to contact you if we have any queries about your sightings.

Date and time: *The time you started your 10-minute observation*

The location of your observation *Postcode is essential so we can contribute useful records to national biodiversity data. If your postcode applies to multiple localities, please also specify your suburb/town.*

Suburb or town **Postcode:**

Location/address: *(optional)*

The name of the plant (common or scientific) you observed and the details of your observation site. E.g. quantity of flowers observed etc.

E.g. silver wattle: 30 x 30 cm window of flowers; magnolia tree: 1 flower

Please include this detail – your observation will be more useful if we can match it to a plant variety.

.....
Is the plant **native** or **exotic (introduced)** or **unsure?**

This information helps us to build a picture of the flowers that pollinator insects are visiting.

If you aren't sure you may like to take a photo or ask someone.

Sightings

For each of the categories of pollinator insects below, please enter the number you observed.

Pollinator category	Add your tally or notes here	Totals
BEES		
- European honey bees		
- Blue-banded bees		
- Other bees

Wild Pollinator Count

If you saw **an insect you can't name**, please describe it here and tell us how many you saw (please also include it in the 'other' category).

.....
.....

Add any other details about your observations.

If you recognised different species/family groups, please give an abundance breakdown for the categories above, or any other wild pollinator category not listed. Be as detailed as you can.

You can also note if you saw evidence of pollination occurring.
