

Dandaragan Library - Activity Sheet

Making a Weather Wheel

What you need:

Paper Plate

Crayons/pencils

Card to make the Arrow/pointer

And one split pin

Instructions:

1. Divide your plate into quarters
2. Draw a different season in each quarter
3. Draw an arrow onto card and write Today Is..., then cut it out
4. Punch a hole for the split pin and assemble
5. Place on the fridge and now you can be the families weather announcer
